## Message from the Minister

Douglas Anthony Goodman

We are living in times of stress, strain and stagnation. It seems like every time you turn on the news or pick up the paper there is some bad news: from pink slips to foreclosures, from scandals to conspiracies, from homicides to suicides, from injustices to bail-outs. These are indeed some perilous times, so how do you spell relief. We believe the answer to the worlds problems are written in the Holy Scriptures, **"THE BIBLE"**

Many have been drowning in the cess pool of Biblical illiteracy for decades now. It is no longer necessary. The time has come for your Spiritual Break-through and Bail-out". The time has come for you to receive your **"Spiritual Stimulus Package"**. It is time to move forward and get serious about your relationship with God.

God is not only concerned about your finances and your savings but he wants your family to be saved as well. He's not only concerned about you having health care for your body but knowing that heaven cares about your soul. He's not only concerned about you keeping your house but someday making heaven your home.

This Gospel meeting is designed with you in mind. We believe that the more you know the better off you will be. We are interested in knowing, if you are interested in knowing. This is an opportunity to study Biblical truths that will enable us to make better spiritual decisions for our Lord and Saviour Jesus Christ. We look forward to meeting you.

## Franklin Florence, II

Ministering Evangelist

Southern Hills Church of Christ  
Indianapolis, IN

Evangelist Florence is a nationally known minister of the gospel of Christ. He is presently the minister for the Southern Hills Church of Christ (formerly known as) The Central Heights Church of Christ in Indianapolis, IN, and has been there for 11 years. Southern Hills Church of Christ has a membership of approximately 450.

His ministries include The **Metropolitan Christian Academy**, a \$1.5 million dollar facility with over 30 classrooms. **The Exodus program**, is designed to assist those who find themselves victims of destructive habits. **The Koinonia Prison Ministry**, which is a family-based, post (after) prison ministry that enables inmates to bridge that gap from prison to the local church through biblical discipleship. Our goal is to re-integrate former inmates into the workplace and become a productive member in society.

Evangelist Florence is utilized as the speaker on national, state and collegiate lectureships. God has used him mightily to bring lost souls to Christ across America, and abroad, to carry a word of encouragement to strengthen the Body of Christ. Through faith, he has led God's people to new heights and one of his life mottos is: **"God's direction is our protection."**
